

In the event of an Emergency

WARNING!
NEVER EXIT A
MOVING TRAIN.

1 **Move to the next car.**
Use the connecting end doors at the immediate levels of each car to enter the leading or following car.
CONNECTING TRAIN DOORS ARE DEPICTED IN BLUE.

2 **If you cannot exit through the end doors, exit the train through the side doors.**
Side doors should only be used if you cannot exit through the end doors.
SIDE DOORS ARE DEPICTED IN GREEN.

3 **If you cannot exit through the side doors, exit through the emergency exit windows.**
Emergency exit windows should only be used if you cannot exit through the side doors.
EMERGENCY EXIT WINDOWS ARE DEPICTED IN ORANGE.

Step-by-step Instructions to Open Doors & Windows

Doors

1 **Break plastic cover** to access red handle.

2 **Pull red handle down** to release both door panels.

3 **Grip rubber between door panels and slide** one or both panels open.

4 **Look out of doorway** for obstacles. **Exit with caution.**

Windows

1 **Pull red handles** on rubber using both hands.

2 **Pull window handles** using both hands.

3 **Carefully remove window** and place it inside, out of the way. Window weighs approximately 70 lbs. **EXIT WITH CAUTION.**

IT IS A VIOLATION OF FEDERAL REGULATIONS FOR AN UNAUTHORIZED PERSON TO OPEN SIDE DOORS OR EMERGENCY WINDOWS WHEN NO EMERGENCY EXISTS.
